

UTAH THEATRE

STARTING TODAY

"The Thirtieth Piece of Silver"

A play of love and mystery from the novel by Albert Payson Terhune

Featuring

MARGARITA FISHER

He wooed her on tennis court and golf links, in cafe and ballroom.

He honeymooned her abroad—in China, Japan, Egypt and India.

He brought her back to New York and settled her in a luxurious home.

Then he said—DONT!
And settled DOWN to enjoy

"The Thirtieth Piece of Silver"

He didn't—but YOU will.

Also Fox Sunshine Comedy

TEMPERATURES ABOVE NORMAL

Irrigation Water Reported Low But No Crops Suffering

Although irrigation water is getting low in most localities of the state, crops are not suffering, according to the weekly review of J. Cecil Alter, state meteorologist.

His report says: "Temperatures averaged slightly above normal during the week, and moderate but beneficial showers were general except in central Utah. The lower ranges are still comparatively dry but the upper ranges continue good and cattle and sheep are doing well generally. Some stock is leaving the hills west of Deseret because of dry feed and scarcity of water. Irrigation water is getting low in some localities, but no crops are suffering. Peaches and apples promise well as a general rule. At Farmington apples are in excellent condition, peaches good, and apricots fair. The second crop of alfalfa is being cut in many places; it is the best in years in some northern localities. At Widmore the second crop of alfalfa is about six or eight inches high. The alfalfa seed crop generally is in fair condition. At Deseret the alfalfa is in full bloom and seed pods are forming. Sweet clover seed in Emery county is making good progress. Sugar beets are making rapid growth, reports from Santaquin and Deseret showing recent improvement. Dry land potatoes in Iron county, and corn generally have improved since the recent rains. The high temperatures have been beneficial to irrigated corn. The winter wheat harvest is practically completed and the harvesting of spring wheat is beginning with favorable weather; the quality of irrigated spring wheat is good and the heads are well filled. A large potato crop is being harvested at Morgan, the late plantings having matured about the same time as the early sown crop. Highways are mostly in poor condition though there has been some local improvement due to showers."

HEROES' BODIES ON WAY HOME

Among Caskets From France Is One Containing Body of Preston, Ida. Soldier

The bodies of seven United States soldiers who made the supreme sacrifice in the world war, arrived in Ogden early today from New York City en route to California. One of the bodies is en route to Idaho.

Bodies of the following soldiers were shipped west on train 19: Captain Eli A. Barnes, Company B, Eighth Infantry; Private C. Sigourney, Headquarters detachment, second division; C. M. Hicks, Third division, Headquarters detachment; P. Seely, Walter, owner, G. company, Eighth Infantry; Alfred Wright, Seventeenth field artillery; A. company; and Leonard O. Wood, 10th cavalry.

Captain Barnes was instantly killed in the second campaign on the Marne, according to Private William C. Fritz, who is in charge of the bodies. Fritz stated today that Barnes and his detachment were all killed when they ran into machine gun fire during the early part of the second campaign. Of the seven soldiers, two died of pneumonia while the other three were killed in action.

The remains of A. B. Pitken, 146th first artillery, company, of Preston, Idaho, arrived on the same train. Pitken was killed in action in the Meuse sector. The body was in charge of Private Walter Scott.

Taylor Girls' Club Has Exhibit of Work

An exhibit of work of the Taylor Girls' club was held at the home of Mrs. S. C. Hadley, of Taylor, Wednesday of last week. The work had been accomplished under the auspices of the boys' and girls' clubs of Weber county.

Miss Florence Anderson was awarded first prize in the junior work, while Mabel Nielson carried off second honor. In the senior work, Miss Myrtle Nielson was the only exhibitor.

Mrs. Lillian Anderson is in charge of the sewing work at Taylor and was assisted in the exhibit by E. W. Robinson, county club leader.

The Riverside Sewing and Baking club is preparing to hold an exhibit about September. Miss Hazel Bingham of Riverside is directing the club.

Means of Escaping the Heat of Summer

A number of the people in Ogden are escaping the intense heat of summer by installing asbestosbestos insulation in their homes cool and comfortable. The cost is nothing compared to the comfort. Call Asbestosbestos Products Co. Phone 1412-W—Adv.

LAGOON BATHING GIRLS' CONTEST

Event of Summer Season Will Take Place Late Wednesday Afternoon

Beauty in a bathing suit contest will be held next Wednesday afternoon at Lagoon. As a bathing girl revue, it is expected to vie with the efforts of such famed resorts as Atlantic City, Coney Island and Palm Beach. The girls take the stand and pose in bathing girl revues, parades and contests—a revelation in its display of Utah's feminine charms, the headliner of all summer resort entertainment.

But when all's said and done, it will be, first of all, the gathering of the state's winsome girls, garbed in the season's most charming creations in bathing costumes, according to the Lagoon management. It will be the final word in selecting the queen of bathing girl beauties and she who is proudly enthroned as such may rest secure in the knowledge that she has the award of awards when it comes to water witch contests. The public will be the judges at this contest. As the girls take the stand and pose individually the public will applaud each contestant and the judges who will represent the Salt Lake and Ogden daily newspapers will decide which of the beauties receives the greatest applause and the prizes will be awarded accordingly.

In the evening, Fred Brewster, who is recognized as one of the most daring and cleverest divers in the United States will give one of his spectacular fire dives. He will dive from the top of the city foot diving tower with his body in a horizontal position, plunging through a huge circle of fire in mid air and into the pool which extinguishes the blaze which envelopes him.

In the afternoon of the Bathing Girl Revue the baseball teams of Hooper and Bountiful will play a match game on the baseball diamond and many other special amusements have been provided.

Refuses to Repay Lad for Smashed Bike

Other cities have reports of their "meanest men" have been made public, but a waiter in Ogden is said to take the leather medal, or any other suitable for such character.

Shortly after 8 o'clock yesterday morning, Melvin Rankin, messenger boy 14 years old, parked a borrowed bicycle in front of the Sterling Grocery store. A man driving an automobile which bore the number 38712, smashed into the parked bicycle, smashing the front rim.

According to the automobile register at the police station, the owner of the car is G. H. Hindelesman, of Provo, Utah.

The messenger boy asked for money to replace the damaged wheel and was given \$1.50. Repairs to the bicycle amounted to \$2.50. The messenger informed the man but the auto owner refused to pay any more money.

More Real Pleasure

Can be had for a half a dollar at Clay's New Swimming Pool than anywhere else on earth. Its just finished; shady, pleasant and clean as a new pin. The floats, swings and springboard are just the way you like 'em. The water pure enough to drink and just the right temperature for a pleasure bath, and the dressing rooms commodious. Try it once and you'll have the habit—Advertisement.

Roberts May Speak at Tabernacle Today

President B. H. Roberts, it is expected, will be one of the speakers at the quarterly conference of the Ogden stake to be held in the Tabernacle today at 10 a. m. and 2 p. m. President Thomas E. McKay will preside and his garage was entered to all members of the stake to attend. Decorations for the tabernacle are in charge of members of the Relief society.

Music Lovers' Attention

Be at the Community Service Office, 3rd floor Utah National Bank Bldg., at 7:30 Monday evening. For further information phone 82—Adv.

OGDENITE MAY GO OVER FALLS

Bumblebee Davis, Local Pugilist, Says He Is Going to Drop Over Niagara

Walter E. "Bumblebee" Davis, former Ogden pugilist, in a letter to P. D. White, 205 Twenty-fifth street, has announced his intention of going over Niagara Falls in a specially constructed steel barrel. He will make the trip August 15 or 17, according to his letter.

In his letter, Davis enclosed a letter from M. M. Thompson, mayor of Niagara Falls city. The mayor apparently was not in favor of the plan and said that the superintendent of police would stop any persons from going over the falls from a point within their jurisdiction.

Davis asked that in event he is killed in the attempt, that Mr. White deliver the letter from the mayor to his mother, who resides at 2332 Jefferson avenue.

Davis stated that he had quit his job so that he could assist in the construction of the barrel. The barrel is seven and a half feet long and is made of heavy iron plate. Rims, projecting four inches, will encircle the barrel every half foot. Two sixty-pound weights, for the purpose of ballast, the barrel in its fall, will be attached to the bottom of the tank, and springs have been arranged on the bottom of the barrel, which are expected to act as shock absorbers.

Inside the barrel a hammock will be stretched and the ends of the hammock will be attached to springs. The ends and sides will be carefully padded.

Davis expresses confidence that he will come through the ordeal successfully.

Scouts Expected to Return by August 15

The Ogden Boy Scouts now on tour of Yellowstone National park will return to this city Sunday, August 15, according to an announcement made yesterday by acting Scout Executive Lyle Larkin. With the return of the scouts and scout officials, plans for the two week outing at South Park will be made.

From all reports received here from the scouts they are all having the time of their lives. Scout Executive Goates is in charge of the party and according to word received here the youngsters and the entire party has hilled more than 100 miles since entering the wilderness.

Valuable Papers Taken From Garage

C. M. North, of No. 2 Browning apartments, reported to the police yesterday that his garage was entered at 2 a. m. A coat in his car was searched and a promissory note for \$50 was taken, together with other papers he said.

The police also received a report that 50 feet of garden hose had been stolen from the home of D. C. Eccles Twenty-fifth street and Jefferson avenue.

Rats in the United States destroy \$200,000,000 worth of property annually.

ZIONIST LEADER TO SPEAK HERE

Palestine Celebration to Be Held At Little Theatre Monday

The Palestine celebration announced for Monday evening at the "Little Theatre" on Twenty-fifth street, near Lincoln avenue, has aroused interest of both Jews and Christians of this city.

Samuel Blitz of New York City, representative of the Zionist Organization of America, who will be the principal speaker, will discuss the action of the peace conference and the plans of the Jewish people to rebuild their historic home land. Stereopticon views of life in Palestine will be presented. These views were secured by special permission of the British government and have recently been brought to America by representatives of the Zionist organization. In addition to showing the scene of General Allenby's triumphant entry into the city of Jerusalem, they also portray the constructive accomplishments of the Jewish people in their efforts to restore the Holy Land to civilization. An interesting musical program will also be presented. Miss Josephine Shorten, Ogden's gifted contralto, and Miss Gladys Peterson, pianist.

The Palestine restoration fund committee of the Zionist organization is composed of many of the leading Jews and Christians of America, including Nathan Straus, Justice Louis D. Brandeis, Secretary of War Baker, President Heber R. Grant, for large Jewish immigration. A Hebrew university is now being erected in the City of Jerusalem.

It is the aim of the Zionist organization to establish in Palestine Jewish national home land as a haven of refuge for the persecuted Jews of eastern Europe. The Jewish state will be administered along democratic lines and will afford equal rights to all Christians, Mohammedans and Jews in the Holy Land.

A general invitation has been extended to all residents of Ogden to attend the Palestine celebration Monday evening. Admission will be free.

Delay Work on Canyon Road Past Busy Season

Paving work on the Ogden canyon road will not be started until after Labor day, according to information given out today by officials of the Utah-Idaho Central railroad. Traffic to and from the canyon up to this time is heavy, it is said, and the postponement has been made on that account. Work will be started during the first part of September and will be rushed to completion, according to representatives of the Moran Paving company. The work is to be completed in 200 working days, according to the contract.

A. L. Roach, engineer for the Moran Paving company, will have direct charge of the construction work in the canyon.

(Wanted—A Salesman. Read "Ed's Job Wins" page 4.)

DROP IN SUGAR NOT FELT HERE

However Early Decrease in Price of Sweet Product is Expected

The drop of 1.85 in the price of sugar, as announced by the Utah-Idaho Sugar company, has made little difference on the local market, despite the fact that the decrease has lowered the price of sugar from \$26 per hundred to \$24.15.

Few are buying sugar in quantities, although there is considerable need for this commodity because of the coming season, it is stated. Even though the price has dropped to a certain extent, it is the consensus of opinion that the sugar prices will drop even more, according to reports from local grocers.

Advices have been received from California to the effect that sugar prices have been reduced to a 20-cent

VOTE ON WATER DISTRICT SOON

Election to Determine Fate of Project to Take Place August 10

Marked interest is being displayed throughout Weber county and in sections of Boxelder county towards the election which will be held Tuesday, August 10, to determine the fate of the proposed Weber county irrigation district.

The board of county commissioners had decided that Eden Farr West and Kanesville shall be voting places for the election. Ogden valley residents will vote at Eden.

The Ogden river has been selected as a dividing line in the other two voting districts, and land owners along north of the Ogden river and west of the mountains, will vote at Farr West. This district includes that portion of Boxelder county which is embraced by the district.

Residents living south of the Ogden river and west of the mountains, will cast their votes at Kanesville. Because of the importance of the election the irrigation district, all farmers are being urged to make an especial effort to be present at the polls to cast their vote. Work should be foreseen long enough to allow the landowner to cast his vote, backers of the project say, even though the loss of time means a loss of money. The assurance of adequate water in the future will more than compensate the farmers for their time thus spent, they claim.

For the purpose of further explaining the irrigation district, and for answering such questions as may arise, meetings will be held tomorrow afternoon at Plain City and Monday at West Weber. W. W. McLaughlin, representing the Federal Land Bank at Berkeley, will be one of the speakers at Plain City tomorrow, while A. F. Parker will address the meeting at West Weber.

Residents of North Side Told by Mayor That Mains Will Be Provided

Telling the mayor that they saw no evidence that future needs for water were being cared for by the laying of water mains on north Washington avenue, a delegation of residents from north side appeared before Mayor Frank Francis yesterday morning in protest to what they believed to be the city's apparent neglect.

The mayor told his callers in substance that they did fear as such contingency, as the city engineer was on the job and that he knew his business. There is a large water main extending as far north on Washington avenue as Fourteenth street, the mayor said. From this stubs will be run to the parking as paving operations progress on the east side of the avenue.

North of Fourteenth street, the water main will be laid along the parking.

This, the mayor informed the party will preclude the cutting up of the pavement to make water connections as that part of the city grows up.

NOTICE

Royal Neighbors of America will hold their regular monthly meeting on Monday, August 9, at 8 o'clock, in the Odd Fellows' hall—Adv. 4188
